

HOW TO REQUEST CARE WITH

1

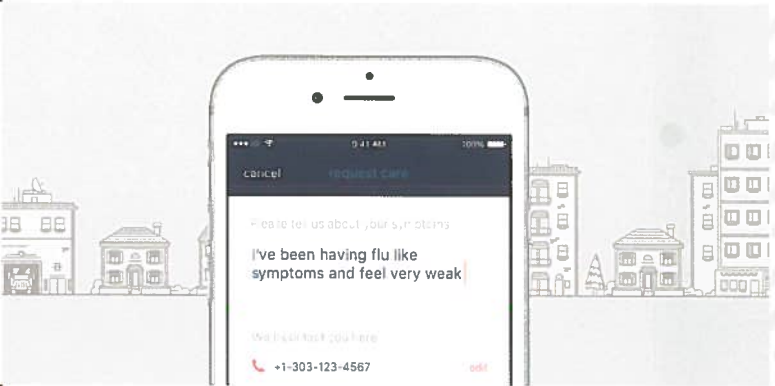

REQUEST CARE

Requesting care is easy; simply use our mobile app or website to begin the virtual triage process or call us directly.

2

EXPLAIN YOUR SYMPTOMS

Our providers will triage your symptoms over the phone to understand what's wrong and get the right care en route.

3

RECEIVE CARE IN YOUR HOME

On average, our mobile teams arrive on-scene within an hour. They're ER trained and equipped to treat anything an Urgent Care can, plus more.

4

REST EASY

We'll call in your prescriptions, update your family doctor, handle billing with your health insurance company so you can focus on feeling better, faster.
