Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The *Consolidated Appropriations Act of 2021 (CAA)* is a federal law that includes the No Surprises Billing Act as well as the provider transparency requirements that are described below.

The CAA provisions within this *plan* apply unless state law or any other provisions within this *plan* are more advantageous to you.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- *Emergency* services provided by *non-participating providers*;
- Covered services provided by a *non-participating provider* at a *participating provider facility*; and
- *Non-participating providers* air ambulance services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, *emergency medical conditions* are covered under your *plan*:

- Without the need for pre-certification;
- Whether the provider is a *participating provider* or *non-participating provider*;

If the *emergency medical conditions* you receive are provided by a *non-participating provider*, Covered services will be processed at the *participating provider* benefit level.

Note that if you receive *emergency* services from a *non-participating provider*, your out-of-pocket costs will be limited to amounts that would apply if the covered services had been furnished by a *participating provider*. However, if the treating *non-participating provider* determines you are stable, meaning you have been provided necessary *emergency* care such that your condition will not materially worsen and the *non-participating provider* determines: (i) that you are able to travel to a *participating provider facility* by non-emergency transport; (ii) the *non-*

participating provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent, you will be responsible for all charges. This notice and consent exception does not apply if the covered services furnished by a *non-participating provider* result from unforeseen and urgent medical needs arising at the time of service.

Non-Participating Services Provided at a Participating Provider Facility

When you receive covered services from a *non-participating provider* at a *participating provider facility*, your out-of-pocket costs will be limited to amounts that would apply if the covered service had been furnished by a *participating provider*. However, if the *non-participating provider* gives you proper notice of its charges, and you give written consent to such charges, claims will not be covered.. This means you will be responsible for all *non-participating provider* charges for those services. This notice and consent process described below does not apply to ancillary services furnished by a *non-participating provider* at a *participating provider* facility. Your out-of-pocket costs for claims for covered ancillary services furnished by a *non-participating provider* at a *participating provider* facility will be limited to amounts that would apply if the covered service had been furnished by a *participating provider*. Ancillary services are one of the following services: (A) *emergency care*; (B) *anesthesiology*; (C) *laboratory and pathology services*; (D) *radiology*; (E) *neonatology*; (F) *diagnostic services*; (G) *assistant surgeons*; (H) *hospitalists*; (I) *intensivists*; and (J) any services set out by the U.S. Department of Health & Human Services.

Non-participating providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Non-participating provider Air Ambulance Services

When you receive *non-participating providers* air ambulance services, your out-of-pocket costs will be limited to amounts that would apply if the covered service had been furnished by a *participating* air ambulance service provider.

How Cost-Shares Are Calculated

Your cost shares for *surprise billing claims* will be calculated based on the *recognized amount*. Any out-of-pocket cost shares you pay to a *non-participating provider* for either *emergency services* or for covered services provided by a *non-participating provider* at a *participating provider* facility or for covered services provided by a *non-participating provider* air ambulance service provider will be applied to your *participating provider* out-of-pocket limit.

Appeals

If you receive *emergency care services* from a *non-participating provider*, covered services from a *non-participating provider* at a *participating provider facility* or *non-participating* air ambulance services and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a *Surprise Billing Claim* is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right To Appeals” section of this Benefit Book.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com/ca):

- Protections with respect to *Surprise Billing Claims* by providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on The Claims Administrator’s website or by calling Member Services at the phone number on the back of your ID Card:

- Cost sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing / directory of all In-Network Providers.

In addition, Anthem will provide access through its website to the following information:

- *Participating provider* negotiated rates; and
- Historical *non-participating provider* rates.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers. There are two kinds of *participating providers* in this *plan*:

- **PPO Providers** are providers who participate in a Blue Cross and/or Blue Shield Plan. PPO Providers have agreed to a rate they will accept as reimbursement for covered services that is generally lower than the rate charged by Traditional Providers. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services.
- **Traditional Providers** are providers who might not participate in a Blue Cross and/or Blue Shield Plan, but have agreed to a rate they will accept as reimbursement for covered services for PPO members.

The level of benefits paid under this *plan* is determined as follows:

- If your *plan* identification card (ID card) shows a PPO suitcase logo and:
 - You go to a PPO Provider, you will get the higher level of benefits of this *plan*.
 - You go to a Traditional Provider because there are no PPO Providers in your area, you will get the higher level of benefits of this *plan*.
- If your ID card does NOT have a PPO suitcase logo, you must go to a Traditional Provider to get the higher level of benefits of this *plan*.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider* specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

To make an appointment call your *physician's* office:

- Tell them you are a PPO Plan *member*.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency* or behavioral health crisis, call the 911 emergency response system or the 988 suicide and crisis lifeline or go to the nearest emergency room.

Please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in your area. A directory of PPO Providers is available. You can get a directory from your plan administrator (usually your employer).

Certain categories of providers defined in this *benefit booklet* as *participating providers* may not be available in the Blue Cross and/or Blue Shield Plan in the service area where you receive services. See "Co-Payments" in the SUMMARY OF BENEFITS section and "Maximum Allowed Amount" in the YOUR MEDICAL BENEFITS section for additional information on how health care services you obtain from such providers are covered.

Connect with Us Using Our Mobile App. As soon as you enroll in this plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Participating Providers Outside of California

The Blue Cross and Blue Shield Association, of which the *claims administrator* is a member, has a program (called the "BlueCard Program") which allows *members* to have the reciprocal use of participating providers contracted under other states' Blue Cross and/or Blue Shield Licensees (the Blue Cross and/or Blue Shield Plan).

If you are outside of the California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in the area you are in. A directory of PPO Providers for outside of California is available upon request.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in a Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions. Reimbursement rates and other provisions of a Prudent Buyer Plan contract. **Benefits are provided for them under the plan only if you have an *authorized referral*, for an *emergency* or for *urgent care*.**

The *claims administrator* has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* will cover expense you incur from them when they're practicing within their specialty the same as if the care were provided by a medical doctor.

Other Health Care Providers. *Other health care providers* are neither *physicians* nor *hospitals*. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not *participating providers*.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* and that you or your dependent might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call the member services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Centers of Medical Excellence and Blue Distinction Centers. The plan provides access to *Centers of Medical Excellence* (CME) networks and *Blue Distinction Centers for Specialty Care* (BDCSC). The facilities included in each of these networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, *CME* and *BDCSC* have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a *CME* or *BDCSC*.**
- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a *BDCSC*.**

If you have an *emergency*, call 911 or go to the nearest emergency room.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this *benefit booklet*, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is the plan payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. Except for *surprise billing claims*, when you receive services from a *non-participating provider*, you may be responsible for paying any difference between the *maximum allowed amount* and the provider’s actual charges. In many situations, this difference could be significant.

**Surprise billing claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this booklet. Please refer to that section for further details.*

Below are two examples which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has a *member* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *member* pays. The plan pays 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a *member* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500. The plan pays the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *member* the difference between

\$2,000 and \$1,000. So the *member's* total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, the *claims administrator* will, to the extent applicable, apply claim processing rules to the claim submitted. The *claims administrator* uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if the *claims administrator* determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers. For covered services performed by a *participating provider* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* has agreed with the *claims administrator* to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the member services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the *facility* where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate *facility* even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately,

you should find out if the *facility* is a *participating provider* before undergoing the surgery.

Note: If an *other health care provider* is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *participating provider* for the purposes of determining the *maximum allowed amount*.

If a provider defined in this *benefit booklet* as a *participating provider* is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *non-participating provider* for the purposes of determining the *maximum allowed amount*.

Non-Participating Providers (Only with an *authorized referral*, in an *emergency*, or for *urgent care*) and Other Health Care Providers.*

Providers who are not in the *claims administrator's* Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. Except for *surprise billing claims*, for covered services you receive from a *non-participating provider* or *other health care provider*, the *maximum allowed amount* will be based on the *claims administrator's* applicable *non-participating provider* rate or fee schedule for this plan, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider's contract specifies a different amount or if your claim involves a *surprise billing claim*.

For covered services rendered outside the Anthem service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan's *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing used if the healthcare services had been obtained within the Anthem service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds the *maximum allowed amount* under this plan. Except for *surprise billing claims*, you may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the member services number on your ID card for help in finding a *participating provider* or visit the *claims administrator's* website at www.anthem.com/ca. Member services is also available to assist you in determining this *plan's maximum allowed amount* for a particular *covered service* from a *non-participating provider* or *other health care provider*.

Please see the "Inter-Plan Arrangements" section in the Part entitled "GENERAL PROVISIONS" for additional information.

***Exceptions:**

- **Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
 4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the member services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or *facility* and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or *facility*, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

Authorized Referrals

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating*

provider's charge. Please call the member services telephone number on your ID card for *authorized referral* information or to request authorization.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After any applicable Co-Payment, the plan will pay benefits up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. The Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

CO-PAYMENTS

If your Co-Payment is a percentage, the applicable percentage will be applied to the *maximum allowed amount*. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-of-Pocket Amount. If you pay Co-Payments equal to your Out-of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that *calendar year*, except as specifically stated under Charges Which Do Not Apply Toward the Out-of-Pocket Amount below.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-of-Pocket Amount:

- Charges which are not covered under this plan;
- Charges which exceed the *maximum allowed amount*; and
- Charges incurred for services and supplies from a *non-participating provider* without an *authorized referral* unless in connection with an *emergency or urgent care*.

MEDICAL BENEFIT MAXIMUMS

The *plan* does not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a *physician*.

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Urgent Care. Services and supplies received to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, medical condition, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are not *emergency services*. Services for urgent care are typically provided by an *urgent care center* or other *facility* such as a physician's office. Urgent care can be obtained from *participating providers* or *non-participating providers*.

Hospital

1. Inpatient services and supplies, provided by a *hospital*. The *maximum allowed amount* will not include charges in excess of the *hospital's* prevailing two-bed room rate unless your *physician* orders, and the *claims administrator* authorizes, a private room as *medically necessary*.
2. Services in *special care units*.
3. Outpatient services and supplies provided by a *hospital*, including outpatient surgery.

Hospital services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

2. Services of a licensed therapist for physical therapy, occupational therapy, speech therapy, or respiratory therapy.
3. Services of a medical social service worker.

4. Services of a health aide who is employed by (or who contracts with) a *home health agency*. Services must be ordered and supervised by a registered nurse employed by the *home health agency* as professional coordinator. These services are covered only if you are also receiving the services listed in 1 or 2 above. Other organizations may give services only when approved by the *claims administrator*, and their duties must be assigned and supervised by a professional nurse on the staff of the *home health agency* or other provider as approved by the *claims administrator*.
5. *Medically necessary* supplies provided by the *home health agency*.

In no event will benefits exceed 120 visits during a *calendar year*. One home health visit by a home health aide is defined as a period of covered service of up to four hours during any one day. The limit includes therapy services (e.g., physical, speech, occupational, cardiac and pulmonary rehabilitation) given as part of the home health care benefit.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

Hospice Care. You are eligible for *hospice* care if your *physician* and the *hospice* medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access *hospice* care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating *physician*. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are covered when provided by a *hospice* for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care is care that controls pain and relieves symptoms but is not intended to cure the illness. Covered services include:

Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver and individuals with significant personal ties, for one year after the *member's* death.
10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your *physician* must consent to your care by the *hospice* and must be consulted in the development of your treatment plan. The *hospice* must submit a written treatment plan to the *claims administrator* every 30 days.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a *member* in *hospice*. These services are covered under other parts of this *plan*.

This *plan's hospice* benefit will meet or exceed Medicare's *hospice* benefit. If you use a *non-participating provider*, that provider may also bill you for any charges over Medicare's *hospice* benefit.

“Telemedicine / Telehealth” means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or

secure instant messaging through our mobile app and interactive store and forward (asynchronous) technology, facsimile, audio-only telephone or electronic mail. Covered services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. Benefits for Telehealth are provided on the same basis and to the same extent as the same covered services provided through in-person contact. In-person contact between a health care *physician* and the patient is not required for these services, and the type of setting where these services are provided is not limited. Coverage under this section is not limited to services delivered to select third-party corporate telehealth providers.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all *physicians* offer virtual visits.

Benefits do not include the use of texting (outside of our mobile app) or non-secure instant messaging. Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to *physicians* outside our network, benefit precertification or *physician* to *physician* discussions.

If you have any questions about this coverage, please contact Member Services at the number on the back of your Identification Card.

This also includes *medically necessary* dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate

procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

This does not apply to orthognathic surgery. Please see the “Dental Care” provision below for a description of this service.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with the *claims administrator* to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved *facility*.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,
 - Between hospitals, including when you are required to move from a hospital that does not contract with the *claims administrator* to one that does, or
 - Between a hospital and another approved *facility*.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, the *claims administrator* reserves the right to select the air ambulance provider. If you do not use the air ambulance the *claims administrator* selects in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest *facility* that can provide care for your condition. In certain cases, coverage may be approved for transportation to a *facility* that is not the nearest *facility*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the

convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system or the 988 suicide and crisis lifeline*, ambulance services are covered if you reasonably believed that a medical *emergency* or behavioral health crisis existed even if you are not transported to a *hospital*.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this *plan* will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such as a skilled nursing *facility* or a rehabilitation *facility*), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition or behavioral health crisis that requires an emergency response, please call the "911" emergency response system or the 988 suicide and crisis lifeline if you are in an area where the system is established and operating.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services.

Your *plan* includes coverage for *medically necessary* human organ and tissue transplants as well as certain cellular and gene therapies. **To be eligible for coverage, we must approve the benefits in advance through precertification and services must be performed by an**

approved *participating provider* to be covered at the *participating provider* level.

Certain transplants (e.g., cornea and kidney) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this booklet.

In this section you will see some key terms, which are defined below:

Covered Procedure

A *covered procedure* includes:

- Any *medically necessary* human solid organ, tissue, and stem cell / bone marrow transplants and infusions, and
- Any *medically necessary* cellular or other gene therapies, and
- Any *medically necessary* acquisition procedures, mobilization, collection and storage. It also includes *medically necessary* myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies,

Approved In-Network Provider

A provider who has entered into an agreement with us to provide *covered procedures* to you. The agreement may only cover certain *covered procedures* or all *covered procedures*. *Approved in-network providers* may include the following:

- **Blue Distinction Center (BDC) Facility:** Blue Distinction facilities have met or exceeded national quality standards for transplant care delivery.
- **Centers of Medical Excellence (CME) Facility:** Centers of Medical Excellence facilities have met or exceeded quality standards for transplant care delivery.

All Other Providers

Any provider that is NOT an *approved in-network provider*. This includes *participating providers* who participate in the *plan's* networks, but who are not an *approved in-network provider* for a *covered procedure*, as well as *non-participating providers*.

Prior Approval and Precertification

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a *covered procedure* to talk about your benefit options. You must do this before you

receive services. We will help you maximize your benefits by giving you coverage information, including details on what is covered as well as information on any clinical coverage guidelines, medical policies, *approved in-network provider* rules, or exclusions that apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator.

You or your provider must call our Transplant Department for precertification prior to the *covered procedure* whether this is performed in an inpatient or outpatient setting. Your *physician* must certify, and we must agree, that the *covered procedure* is *medically necessary*. Your *physician* should send a written request for precertification to us as soon as possible to start this process. Not getting precertification will result in a denial of benefits.

Please note that there are cases where your provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what *covered procedure* will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for *medical necessity* and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later *covered procedure*. A separate *medical necessity* decision will be needed for the *covered procedure*.

Donor Benefits

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are our covered *members*, each will get benefits under their *plan*.
- When the person getting the organ is our covered *member*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.
- If our covered *member* is donating the organ to someone who is not a covered *member*, benefits are not available under this *plan*.

Transportation and Lodging

We will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 75 miles from your permanent home to reach the *facility* where the *covered procedure* will be

performed. Our help with travel costs includes transportation to and from the *facility* and lodging for the patient and one companion. If the *member* receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. You must send itemized receipts for transportation and lodging costs in a form satisfactory to us when claims are filed. Call us for complete information or refer to IRS Publication 502.

For lodging and ground transportation benefits, we will cover costs up to the current limits set forth in the Internal Revenue Code.

Coverage includes, but is not limited to, *medically necessary* services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary* surgery; hormone therapy would be covered under the *plan's prescription drug* benefits (if such benefits are included).

Services that are excluded on the basis that they are cosmetic include, but are not limited to, liposuction, facial bone reconstruction, voice modification surgery, breast implants, and hair removal. Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

At least one form of contraception in each of the methods identified in the FDA's Birth Control Guide will be covered as preventive care under this section. If there is only one form of contraception in a given method, or if a form of contraception is deemed not medically advisable by a *physician*, the prescribed FDA-approved form of contraception will be covered as preventive care under this section.

Some categories and classes of contraceptives do not have Generics available and, in each of these categories, at least one Brand Drug is available at \$0 cost sharing when you receive it from an In-Network Provider. If your Provider determines that a Brand Drug with an available Generic therapeutic equivalent is Medically Necessary because a Generic equivalent drug is not appropriate for you, you may obtain coverage of the Brand Drug with \$0 Cost Sharing if your Provider submits an exception request. Your Doctor must complete a contraceptive exception form and return it to us. You or your Doctor can find the form online at

https://file.anthem.com/Anthem_ABC_BrandContraceptiveCopay_WaiverForm.pdf or by calling the number listed on the back of your ID Card. If Medical Necessity has been determined by your Provider, an exception will be granted and coverage of the Drug will be provided at \$0 Cost Sharing. Otherwise, Brand Drugs will be covered as a Preventive Care benefit when Medically Necessary according to your attending Provider, otherwise they will be covered under your *plan's* prescription drug benefits.

In order to be covered as preventive care, contraceptive *prescription drugs* must be generic oral contraceptives. Brand name drugs will be covered under your *plan's* prescription drug benefits.

Up to 60 visits in a *year* for all covered services are payable if *medically necessary*. If additional visits for physical therapy, physical medicine or occupational therapy are needed, pre-service review must be obtained prior to receiving the services.

If it is determined that an additional period of physical therapy, physical medicine or occupational therapy is *medically necessary*, the *claims administrator* will specify a specific number of additional visits. Such additional visits are not payable if pre-service review is not obtained. (See UTILIZATION REVIEW PROGRAM.)

There is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, and occupational therapy. But additional visits in excess of the number of visits stated above must be authorized in advance.

This includes *drugs* for infusion therapy, chemotherapy, *specialty pharmacy drugs*, blood products and any drug that must be administered by a *physician*. This section describes your benefits when your *physician* orders the medication and administers it to you.

Benefits for *drugs* that you inject or get at a retail *pharmacy* (i.e., self-administered *drugs*) are not covered under this section. Benefits for those and other covered *drugs* are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Prior Authorization. Certain *specialty pharmacy drugs* require written prior authorization of benefits in order for you to receive them. Prior authorization criteria will be based on medical policy and the *pharmacy and therapeutics process*. You may need to try a *drug* other than the one originally prescribed if it's determined that it should be clinically effective for you. However, if it's determined through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, the *claims administrator* will not require you to try a *drug* other than the one you are currently taking.

Covered Prescription Drugs. To be a covered service, *prescription drugs* must be approved by the Food and Drug Administration (FDA) and, under federal law, require a *prescription*. *Prescription drugs* must be

prescribed by a licensed *physician* and *controlled substances* must be prescribed by a licensed *physician* with an active DEA license.

Compound ingredients within a *compound drug* are a covered service when a commercially available dosage form of a *medically necessary* medication is not available, ingredients of the *compound drug* are FDA approved in the form in which they are used in the *compound drug*, require a *prescription* to dispense, and are not essentially the same as an FDA approved product from a *drug* manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Your *plan* also covers certain over-the-counter *drugs* that must be covered under federal law, when prescribed by a *physician*, subject to all terms of this *plan* that apply to those benefits. Please see the "Preventive Care Services" provision of MEDICAL CARE THAT IS COVERED for additional details.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to the *claims administrator* for you to get it. The request may be made by either telephone or facsimile to the *claims administrator*. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

If the request is not for urgently needed *drugs*, after the *claims administrator* gets the request from your *physician*:

- Based on your medical condition, as *medically necessary*, the *claims administrator* will review it and decide if they will approve benefits within 5-business days. The *claims administrator* will tell you and your *physician* what has been decided in writing - by fax to your doctor, and by mail, to you.
- If more information is needed to make a decision, the *claims administrator* will tell your *physician* in writing within 5-business days after they get the request what information is missing and why they cannot make a decision. If, for reasons beyond the *claims administrator's* control, they cannot tell your *physician* what information is missing within 5-business days, the *claims administrator* will tell your *physician* that there is a problem as soon as they know that they cannot respond within 5-business days. In any event, the *claims administrator* will tell you and your *physician* that there is a problem by telephone, and in writing by facsimile, to your *physician*, and in writing to you by mail.

- As soon as the *claims administrator* can, based on your medical condition, as *medically necessary*, within 5-business days after they have all the information they need to decide if they will approve benefits, the *claims administrator* will tell you and your *physician* what they have decided in writing - by fax to your *physician* and by mail to you.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call the number on the back of your ID Card.

If the *claims administrator* denies a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal the decision by calling the number on the back of your ID Card.

The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of applied behavioral analysis services and intensive behavioral intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:
 - Describes the patient's behavioral health impairments to be treated,
 - Designs an intervention plan that includes the service type, number of hours, and parental participation needed (if any) to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,

- Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating autism spectrum disorders, and
 - Discontinues intensive behavioral intervention services when the treatment goals and objectives are achieved or no longer appropriate.
- The treatment plan must not be used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and must not be used to reimburse a parent for participating in the treatment program. The treatment plan must be made available to us upon request.

SUBROGATION AND REIMBURSEMENT

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, “You” or “Your” includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan’s rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers’ compensation insurance or fund, premises medical payments coverage, restitution, or “no-fault” or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements allocate or characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on Your behalf from any party or insurer responsible for compensating You for Your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an injury, illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of Your recovery. If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement Provisions, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any

claim You may have regardless of whether You choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of Your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery You make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to Your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to Your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, You agree that if You receive any payment as a result of an injury, illness or condition, You will serve as a constructive trustee over those funds. You and Your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of Your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from Your Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or

to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before You receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make You whole or to compensate You in part or in whole for the losses, injuries, or illnesses You sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.
- You must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share Your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

COORDINATION OF BENEFITS

If you are covered by more than one group medical plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *member* and per *calendar year*. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;

2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.

2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired employee.

For example: You are covered as a retired employee under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
- b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
- c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.

4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

Any benefits provided under both this *plan* and Medicare will be provided according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, terms of this *plan*, and federal law.

If you are entitled to Medicare and covered under this *plan* as an active employee, or as a dependent of an active employee, this *plan* will generally pay first and Medicare will pay second, unless:

1. You are receiving treatment for end-stage renal disease following the first 30 months you are entitled to end-stage renal disease benefits under Medicare; or
2. You are entitled to Medicare benefits as a disabled person, unless you have a current employment status as determined by Medicare rules through a group of 100 or more employees (according to federal OBRA legislation).

In cases where either of the above exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision “Coordinating Benefits With Medicare”, below.

Coordinating Benefits With Medicare. In general, when Medicare is the primary payor according to federal law, Medicare must provide benefits first to any services that are covered both by Medicare and under this *plan*. For any given claim, the combination of benefits provided by Medicare and under this *plan* will not exceed the *maximum allowed amount* for the covered services.

Except when federal law requires us to be the primary payer, the benefits under this *plan* for *members* age 65 and older, or for *members* who are otherwise eligible for Medicare (such as due to a disability or receiving treatment for end-stage renal disease), will not duplicate any benefit for which *members* are entitled under Medicare, including Medicare Part B. Where Medicare is the responsible primary payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the *claims administrator*, to the extent the *claims administrator* has made primary payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to [Medicare.gov](https://www.medicare.gov) for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

REVIEWING WHERE SERVICES ARE PROVIDED

A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not *medically necessary* for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or *facility* may need to be used in order for the service to be considered *medically necessary*. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a *hospital* but may be approvable if provided on an outpatient basis at a *hospital*.
- A service may be denied on an outpatient basis at a *hospital* but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a *physician's* office.
- A service may be denied at a *skilled nursing facility* but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. The *claims administrator* may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate. "Clinically equivalent" means treatments that for most *members*, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;

2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

- **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell the *claims administrator* of the admission as soon as possible.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a *facility* or course of treatment.

- Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service

has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the *plan* has a related clinical coverage guideline and are typically initiated by the *claims administrator*.

Services for which precertification is required (i.e., services that need to be reviewed by the *claims administrator* to determine whether they are *medically necessary*) include, but are not limited to, the following:

- All inpatient *hospital* admissions.
- Specific non-emergency outpatient services, including diagnostic treatment, genetic tests and other services.
- Surgical procedures, wherever performed.
- Human Organ and tissue transplants, (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services and similar procedures.
- Air ambulance in a non-medical *emergency*.
- Visits for physical therapy, physical medicine and occupational therapy beyond those described under the "Physical Therapy, Physical Medicine and Occupational Therapy" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. A specified number of additional visits may be authorized. While there is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, and occupational therapy, additional visits in excess of the stated number of visits must be authorized in advance.
- Specific durable medical equipment.
- Home infusion therapy if the attending *physician* has submitted both a prescription and a plan of treatment before services are rendered.
- Admissions to a *skilled nursing facility* if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Bariatric surgical services, such as gastric bypass and other surgical procedures for weight loss if:
 - a. The services are to be performed for the treatment of morbid obesity;

- b. The *physicians* on the surgical team and the *facility* in which the surgical procedure is to take place are approved for the surgical procedure requested; and
 - c. The bariatric surgical procedure will be performed at a *BDCSC facility*.
- Specific diagnostic procedures, including advanced imaging procedures, wherever performed.
 - All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.
 - *Prescription drugs* that require prior authorization as described under the “Prescription Drugs Obtained from or Administered by a Medical Provider” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED.
 - Behavioral health treatment for autism spectrum disorders, as specified in the section BENEFITS FOR AUTISM SPECTRUM DISORDERS.
 - Transgender services as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a *physician*.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with the *claims administrator* to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

The *claims administrator* uses clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The *claims administrator* reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card. You can also find our medical policies on our website at www.anthem.com.

If you are not satisfied with the *plan’s* decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to find out what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

The *claims administrator* will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the *plan* will follow state laws. If you live in and/or get services in a state other than the state where your *plan* was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	15 business days from the receipt of the request
Urgent Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of the request. We may request additional information within the first 24 hours and then extend to 72 hours
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review	15 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the *claims administrator* will tell the requesting *physician* of the specific information needed to finish the review. If the *plan* does not get the specific information it needs by the required timeframe identified in the written notice, the *claims administrator* will make a decision based upon the information received.

The *claims administrator* will notify you and your *physician* of the *plan's* decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. The *claims administrator* will determine **in advance** whether certain services

(including procedures and admissions) are *medically necessary*, including treatment of *mental health or substance use disorder*, and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *agreement* with the *plan administrator* terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables the *claims administrator* to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* will discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor does the *claims administrator* have an obligation to provide it.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, then *claims administrator* will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, the *claims administrator* may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, the *plan* may provide benefits for alternate care that is not listed as a covered service. The *claims administrator* may also extend services beyond the benefit maximums of this *plan*. A decision will be made on a case-by-case basis by the *claims administrator* if it determines that the alternate or extended benefit is in the best interest for you and the *plan* and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. The *claims administrator* reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the *claims administrator* will notify you or your authorized representative in writing.

DISAGREEMENTS WITH MEDICAL MANAGEMENT DECISIONS

1. If you or your *physician* disagree with a decision, or question how it was reached, you or your *physician* may request reconsideration. Requests for reconsideration (either by telephone or in writing) must be directed to the reviewer making the determination. The address and the telephone number of the reviewer are included on your written notice of determination. Written requests must include medical information that supports the medical necessity of the services.
2. If you, your representative, or your *physician* acting on your behalf find the reconsidered decision still unsatisfactory, a request for an appeal of a reconsidered decision may be submitted in writing to us.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the *claims administrator* may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if such a change furthers the provision of cost effective, value based and quality services. In addition, the *claims administrator* may select certain qualifying health care providers to participate in a program or provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The *claims administrator* may also exempt claims from medical review if certain conditions apply.

If the *claims administrator* exempts a process, health care provider, or claim from the standards that would otherwise apply, the *claims administrator* is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. The *claims administrator* may stop or modify any such exemption with or without advance notice.

The *claims administrator* also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then the *claims administrator* may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's members*.

You may determine whether a health care provider participates in certain programs or a provider arrangement by checking the *claims administrator's* online provider directory on their website at www.anthemcom/ca or by calling the member services telephone number listed on your ID card.

HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

ELIGIBLE STATUS

1. **Subscribers.** You are eligible to enroll as a *subscriber* under this *plan* as determined by your employer. Please contact your Human Resources office for more information.
2. **Dependents.** The following are eligible to enroll as *dependents*: (a) Either the *subscriber's spouse or domestic partner*; and (b) A *child*.

Definition of Dependent

1. **Spouse** is the *subscriber's spouse* as recognized under state or federal law. This includes same sex spouses when legally married in a state that recognizes same sex marriages. Spouse does not include any person who is: (a) covered as a *subscriber*; or (b) in active service in the armed forces.
2. **Domestic partner** is the *subscriber's same-sex domestic partner* under a legally registered and valid domestic partnership. Domestic partner does not include any person who is: (a) covered as a *subscriber*; or (b) in active service in the armed forces.

3. **Child** is the *subscriber's, spouse's or domestic partner's* natural child, stepchild, or legally adopted child, subject to the following:

- a. The child is under 26 years of age.
- b. The unmarried child is 26 years of age, or older and: (i) is chiefly dependent on the *subscriber, spouse or domestic partner* for support and maintenance, and (iii) is incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. We must receive the certification, at no expense to us, within 60-days of the date the *subscriber* receives our request. We may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the *subscriber, spouse or domestic partner* for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
- c. A child who is in the process of being adopted is considered a legally adopted child if we receive legal evidence of both: (i) the intent to adopt; and (ii) that the *subscriber, spouse or domestic partner* have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption.

Legal evidence to control the health care of the child means a written document, including, but not limited to, a health *facility* minor release report, a medical authorization form, or relinquishment form, signed by the child's birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the *subscriber's, the spouse's or domestic partner's* right to control the health care of the child.

- d. The term "child" does not include any child for whom the *subscriber, spouse or domestic partner* is the legal guardian, but who is not the *subscriber's, spouse's or domestic partner's* natural child, stepchild or adopted child.

ELIGIBILITY DATE

1. For *subscribers*, you become eligible for coverage in accordance with rules established by your employer. For specific information about your employer's eligibility rules for coverage, please contact your Human Resources or Benefits Department.
2. For *dependents*, you become eligible for coverage on the later of: (a) the date the *subscriber* becomes eligible for coverage; or, (b) the date you meet the *dependent* definition.

If, after you become covered under this *plan*, you cease to be eligible due to termination of employment, and you return to an eligible status within six months after the date your employment terminated, you will become eligible to re-enroll for coverage on the first day of the month following the date you return.

ENROLLMENT

To enroll as a *subscriber*, or to enroll *dependents*, the *subscriber* must properly file an application. An application is considered properly filed, only if it is personally signed, dated, and given to the *plan administrator* within 31 days from your eligibility date. If any of these steps are not followed, your coverage may be denied.

EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of required monthly contributions. The date you become covered is determined as follows:

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for *subscribers*, on your eligibility date; and (b) for *dependents*, on the later of (i) the date the *subscriber's* coverage begins, or (ii) the first day of the month after the *dependent* becomes eligible. If you become eligible before the *plan* takes effect, coverage begins on the effective date of the *plan*, provided the enrollment application is on time and in order.
2. **Late Enrollment:** If you enroll more than 31 days after your eligibility date, you must wait until the next Open Enrollment Period to enroll.
3. **Disenrollment:** If you voluntarily choose to disenroll from coverage under this *plan*, you will be eligible to reapply for coverage as set forth in the "Enrollment" provision above, during the next Open Enrollment period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

Important Note for Newborn and Newly-Adopted Children. If the *subscriber* (or *spouse* or *domestic partner*, if the *spouse* or *domestic partner* is enrolled) is already covered: (1) any *child* born to the *subscriber*, *spouse* or *domestic partner* will be enrolled from the moment of birth; and (2) any *child* being adopted by the *subscriber*, *spouse* or *domestic partner* will be enrolled from the date on which either: (a) the adoptive *child's* birth parent, or other appropriate legal authority, signs a written document granting the *subscriber*, *spouse* or *domestic partner* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *subscriber's*, *spouse's* or *domestic partner's* right to control the health care of the *child* may be used); or (b) the *subscriber*, *spouse* or *domestic partner* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child's* adoption. The "written document" referred to above includes, but is not limited to, a health *facility* minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For coverage to continue beyond this 31-day period, the *subscriber* must submit a membership change form to the *plan administrator* within the 31-day period.

Special Enrollment Periods

You may enroll without waiting for the *plan administrator's* next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
 - a. You were covered as an individual or dependent under either:
 - i. Another employer group health plan or health insurance coverage, including coverage under a COBRA continuation; or
 - ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
 - b. You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given written notice that

if you choose to enroll later, you may be required to wait until the *plan administrator's* next open enrollment period to do so.

- c. Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:
 - i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the *plan administrator* within 31 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

- ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the *plan administrator* within 60 days after the date your coverage ended.
2. A court has ordered coverage be provided for a *spouse, domestic partner* or dependent *child* under your employee health plan and an application is filed within 31 days from the date the court order is issued.
3. The *claims administrator* does not have a written statement from the *plan administrator* stating that prior to declining coverage or disenrolling, you received and signed acknowledgment of a written notice specifying that if you do not enroll for coverage within 31 days after your eligibility date, or if you disenroll, and later file an enrollment application, your coverage may not begin until the first day of the month following the end of the *plan administrator's* next open enrollment period.

4. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a *child*:
 - a. If you are enrolling following marriage or domestic partnership, you and your new *spouse* or *domestic partner* must enroll within 31 days of the date of marriage or domestic partnership. Your new *spouse* or *domestic partner's* children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above.
 - b. If you are enrolling following the birth, adoption, or placement for adoption of a *child*, your *spouse* (if you are already married) or *domestic partner*, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption.
5. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.
6. You become eligible for assistance, with respect to the cost of coverage under the employer's group *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the *plan administrator* within 60 days after the date you are determined to be eligible for this assistance.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

1. If a court has ordered that coverage be provided for a dependent *child*, coverage will become effective for that *child* on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the *child*, or the employer.
2. For enrollments following the birth, adoption, or placement for adoption of a *child*, coverage will be effective as of the date of birth, adoption, or placement for adoption.

OPEN ENROLLMENT PERIOD

There is an open enrollment period scheduled once each *year*, during the month of November. During that time, an individual who meets the eligibility requirements as a *subscriber* under this *plan* may enroll. A *subscriber* may also enroll any eligible *dependents* at that time. Persons eligible to enroll as *dependents* may enroll only under the *subscriber's plan*.

For anyone so enrolling, coverage under this *plan* will begin on the first day of the *plan year* following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this *plan* begins.

HOW COVERAGE ENDS

Your coverage ends without notice as provided below:

1. If the *plan* terminates, your coverage ends at the same time. This *plan* may be canceled or changed without notice to you.
2. If the *plan* no longer provides coverage for the class of *members* to which you belong, your coverage ends on the effective date of that change. If this *plan* is amended to delete coverage for *dependents*, a *dependent's* coverage ends on the effective date of that change.
3. Coverage for *dependents* ends when *subscriber's* coverage ends.
4. Coverage ends at the end of the period for which the required monthly contribution has been paid on your behalf when the required monthly contribution for the next period is not paid.
5. If you voluntarily cancel coverage at any time, coverage ends on the due date for the required monthly contribution coinciding with or following the date of voluntary cancellation which you provide to us.
6. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the due date for the required monthly contribution coinciding with or following the date you cease to meet such requirements.

Exceptions to item 6:

- a. **Leave of Absence.** If you are a *subscriber* and the required monthly contributions are paid, your coverage may continue for up to six months during an approved temporary leave of absence. This time period may be extended if required by law.
- b. **Handicapped Children:** If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will

continue to qualify as a *dependent* if he or she is (i) covered under this *plan*, (ii) still chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. We will notify the *subscriber* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *subscriber* must send proof of the *child's* physical or mental condition within 60-days of the date the *subscriber* receives our request. If we do not complete our determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

Note: If a marriage or domestic partnership terminates, the *subscriber* must give or send to the *plan administrator* written notice of the termination. Coverage for a former *spouse* or *domestic partners*, and their dependent *children*, if any, ends according to the "Eligible Status" provisions. Failure to provide written notice to the *plan administrator* will not delay or prevent termination of the marriage or domestic partnership. If the *subscriber* notifies the *plan administrator* in writing to cancel coverage for a former *spouse* or *domestic partner* and the *children* of the *spouse* or *domestic partner*, if any, immediately upon termination of the *subscriber's* marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, COVERAGE FOR SURVIVING FAMILY MEMBERS and EXTENSION OF BENEFITS.

CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *plan* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your *plan administrator* for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this "Definitions" provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *plan* as either a *subscriber* or *dependent*; and (b) a *child* who is born to or placed for adoption with the *subscriber* during the COBRA continuation period. Qualified Beneficiary does not include: (a) any person who was not enrolled during the Initial Enrollment Period, including any *dependents* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above; or (b) a *domestic partner*, or a *child* of a *domestic partner*, if they are eligible under HOW COVERAGE BEGINS AND ENDS.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *plan*. The events will be referred to throughout this section by number.

1. For Subscribers and Dependents:

- a. The *subscriber's* termination of employment, for any reason other than gross misconduct; or
- b. Loss of coverage under an employer's health plan due to a reduction in the *subscriber's* work hours.

2. For Retired Employees and their Dependents. Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *plan's* filing for Chapter 11 bankruptcy, provided that:

- a. The *plan* expressly includes coverage for retirees; and

- b. Such cancellation or reduction of benefits occurs within one year before or after the *plan's* filing for bankruptcy.

3. **For Dependents:**

- a. The death of the *subscriber*;
- b. The *spouse's* divorce or legal separation from the *subscriber*;
- c. The end of a *child's* status as a dependent *child*, as defined by the *plan*; or
- d. The *subscriber's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or *dependent*, **other than a *domestic partner*, and a *child of a domestic partner***, may choose to continue coverage under the *plan* if his or her coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. We will notify either the *subscriber* or *dependent* of the right to continue coverage under COBRA, as provided below:

- 1. For Qualifying Events 1, or 2, the *plan administrator* will notify the *subscriber* of the right to continue coverage.
- 2. For Qualifying Events 3(a) or 3(d) above, a *dependent* will be notified of the COBRA continuation right.
- 3. You must inform the *plan administrator* within 60 days of Qualifying Events 3(b) or 3(c) above if you wish to continue coverage. The *plan administrator* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *plan administrator* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *members* within a family, or only for selected *members*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to us within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A *spouse* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *dependent*. The standard enrollment provisions of the *plan* apply to enrollees during the COBRA continuation period.

Cost of Coverage. You may be required to pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to the *plan administrator* each month during the COBRA continuation period.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *subscriber*;
2. A *child* if neither the *subscriber* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the required monthly contribution will be the two-party or three-party rate depending on the number of *children* enrolled); and
3. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a *subscriber* or *dependent*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *dependents* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation, or the end of dependent *child* status;*
3. The end of 36 months from the date the *subscriber* became entitled to Medicare, if the Qualifying Event was the *subscriber's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *subscriber* will end 36 months from the date the *subscriber* became entitled to Medicare;
4. The date the *plan* terminates;
5. The end of the period for which required monthly contributions are last paid;
6. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
7. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*.

Subject to the *plan* remaining in effect, a retired employee whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *dependents* may continue coverage for 36 months after the *subscriber's* death. But coverage could terminate prior to such time for either the *subscriber* or *dependent* in accordance with items 4, 5 or 6 above.

Other Coverage Options Besides COBRA Continuation Coverage.

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a *spouse's* plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less

than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish the *plan administrator* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the cost for the extended continuation coverage must be remitted to us. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be **150%** of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.

2. The cost for extended continuation coverage must be remitted to us each month during the period of extended continuation coverage. We must receive timely payment of the required monthly contribution in order to maintain the extended continuation coverage in force.
3. You may be required to pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event*;
3. The date the *plan* terminates;
4. The end of the period for which required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *plan administrator* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

COVERAGE FOR SURVIVING FAMILY MEMBERS

If the *subscriber* dies while covered under this *plan*, coverage continues for enrolled *family members* until one of the following occurs:

1. The surviving *spouse* remarries;
2. Monthly contributions are not paid to the *claims administrator* on the *member's* behalf;

3. The *group* cancels coverage for the class of *subscribers* to which the *members* belong;
4. The *plan* terminates;
5. The *member* becomes eligible under another group health plan; or
6. The *child* no longer meets all of the conditions of coverage in HOW COVERAGE BEGINS AND ENDS.

Coverage for surviving *family members* is available at no cost for the first year. At the end of the first year, *family members* of a deceased *subscriber*, who was an active *subscriber* on the date of death, may elect to continue coverage for an additional five years by paying the full monthly contribution amount.

If a child's coverage ends in accordance with item 6 above, the child may elect to continue coverage through the unexpired period for which the child may be eligible, as specified under the section entitled CONTINUATION OF COVERAGE.

Only *family members* covered before the *subscriber's* death are eligible for coverage under this provision. If the *subscriber's* child is born after the *subscriber's* death, that child may be covered as a *family member* while coverage for the *subscriber's* other *family members* continues under this provision.

EXTENSION OF BENEFITS

If you are a *totally disabled subscriber* or a *totally disabled dependent* and under the treatment of a *physician* on the date of discontinuance of the *plan*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by

your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
 - d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not the *claims administrator's* agents nor is the *claims administrator*, or any of the employees of the *claims administrator*, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Inter-Plan Arrangements

Out-of-Area Services

Overview. The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Blue Cross” Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. See below for an explanation of how both kinds of providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, the *claims administrator* will still fulfill the plan’s contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to the *claims administrator*.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing

arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the *claims administrator* will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, the *claims administrator* may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or co-payment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the *claims administrator* will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency services*.

2. Exceptions

In certain situations, the *claims administrator* may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. BlueCross BlueShield Global Core[®] Program

If you plan to travel outside the United States, call Member Services for information about your BlueCross BlueShield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

When you are traveling abroad and need medical care, you can call the BlueCross BlueShield Global Core Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is **(800) 810-BLUE (2583)**. Or you can call them collect at **(804) 673-1177**.

If you need inpatient hospital care, you or someone on your behalf, should contact the *claims administrator* for preauthorization. Keep in mind, if you need *emergency* medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Utilization Review Program" section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for *emergency* or non-emergency care.

How Claims are Paid with BlueCross BlueShield Global Core

In most cases, when you arrange inpatient hospital care with BlueCross BlueShield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any co-payment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- *Physician* services;
- Inpatient hospital care not arranged through BlueCross BlueShield Global Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need BlueCross BlueShield Global Core claim forms you can get international claims forms in the following ways:

- Call the BlueCross BlueShield Global Core Service Center at the numbers above; or
- Online at www.bcbsglobalcore.com

You will find the address for mailing the claim on the form.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *plan* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *plan* without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible;

and (3) your required monthly contributions are paid according to the terms of the *plan*.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or *facility* which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. But your choice may affect the benefits payable according to this *plan*.

Medical Necessity. The benefits of this *plan* are provided only for services which the *claims administrator* determines to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. After you get covered services, the *claims administrator* must receive written notice of your claim in order for benefits to be paid.

- *Participating providers* will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- *Non-participating provider* claims can be submitted by the *physician* if the *physician* is willing to file on your behalf. However, if the *physician* is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to the *claims administrator*, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.

- Patient's relationship with the *member*.
- Identification number.
- Date, type, and place of service.
- Your signature and the *physician's* signature.

Non-participating provider claims must be submitted within 180 days after the date of service. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your *plan*.

Claims submitted by a public (government operated) hospital or clinic will be paid by us directly, as long as you have not already received benefit under that claim. We will pay all claims within 30 days after we receive proof of loss. If you are dissatisfied with our denial or amount of payment, you may request that we review the claim a second time, and you may submit any additional relevant information.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Timely Payment of Claims. Any benefits due under this *plan* shall be due once the *claims administrator* has received proper, written proof of loss, together with such reasonably necessary additional information the *claims administrator* may require to determine our obligation.

Member's Cooperation. You will be expected to complete and submit to the *claims administrator* all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits. You authorize the *claims administrator*, in its own discretion and on behalf of the employer, to make payments directly to providers for covered services. In no event, however, shall the *plan's* right to make payments directly to a provider be deemed to suggest that any provider is a beneficiary with independent claims and appeal rights under the *plan*. The *claims administrator* also reserves the right, in its own

discretion, to make payments directly to you as opposed to any provider for covered service. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the *non-participating provider*. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an alternate recipient (which is defined herein as any child of a *subscriber* who is recognized under a “Qualified Medical Child Support Order” as having a right to enrollment under the employer’s *plan*), or that person’s custodial parent or designated representative. Any payments made by the claims administrator (whether to any provider for covered service or you) will discharge the employer’s obligation to pay for covered services. You cannot assign your right to receive payment to anyone, except as required by a “Qualified Medical Child Support Order” as defined by, and if subject to, ERISA or any applicable Federal law. Once a provider performs a covered service, the *claims administrator* will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the *plan* are not assignable by any *member* without the written consent of the *plan*, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the *plan* and/or law, sue or otherwise begin legal action, or request *plan* documents or any other information that a participant or beneficiary may request under ERISA. Any assignment made without written consent from the *plan* will be void and unenforceable.

Care Coordination. The *plan* pays *participating providers* in various ways to provide covered services to you. For example, sometimes payment to *participating providers* may be a separate amount for each covered service they provide. The *plan* may also pay them one amount for all covered services related to treatment of a medical condition. Other times, the payment may be a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, *participating provider* payments may be financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to the *plan* because they did not meet certain standards. You do not share in any payments made by *participating providers* to the *plan* under these programs.

Right of Recovery. Whenever payment has been made in error, the *claims administrator* will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event the *claims administrator* recovers a payment made in error from the provider, except

in cases of fraud or misrepresentation on the part of the provider, they will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. The *claims administrator* reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, they may collect such amounts directly from you. You agree that the *claims administrator* has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator* may not provide you with notice of overpayments made by them or you if the recovery method makes providing such notice administratively burdensome.

The *claims administrator* reserves the right to deduct or offset, including cross plan offsetting on *participating provider* claims and on *non-participating providers* claims where the *non-participating providers* agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Plan Administrator - COBRA and ERISA. In no event will the *claims administrator* be *plan administrator* for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "*plan administrator*" refers to The Aerospace Corporation or to a person or entity other than the *claims administrator*, engaged by The Aerospace Corporation to perform or assist in performing administrative tasks in connection with the *plan*. The *plan administrator* is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this *benefit booklet*, the *plan administrator* is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. The *plan administrator* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *plan administrator* for details.

Liability to Pay Providers. In the event that the *plan* does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its members and *members* entitled to health care benefits under individual certificates and group policies or contracts to which *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, the *plan administrator* was aware that the *claims administrator* or its affiliates offer several types of products and programs. The members, *members* and *plan administrator* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

Also, under arrangements with some Providers certain discounts, payments, rebates settlements, incentives, adjustments and/or allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by the *claims administrator* or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by the *claims administrator* or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by the *claims administrator* or an affiliate in determining its fees or subscription charges or premiums.

Continuation of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract is terminated by a Blue Cross or Blue Shield plan (unless the provider's contract is terminated for reasons of medical disciplinary cause or reason, fraud, or other criminal activity). This does not apply to a provider who voluntarily terminates his or her contract. If your *physician* leaves our network for any reason other than termination of cause, retirement or death, or if coverage under this *plan* ends because the *plan's* Administrative Services Agreement ends, or because your *group* changes plans, and you are in active treatment, you may be able to continue seeing that provider for a limited period of time and still get the *participating provider* benefits.

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the Blue Cross or Blue Shield plan prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the Blue Cross or Blue Shield plan prior to termination. If the provider does not agree with these contractual terms and conditions, the provider's services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Please contact member services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider's services will not be continued. If you disagree with the determination regarding continuity of care, you may file a complaint as described in the COMPLAINT NOTICE.

Voluntary Clinical Quality Programs. The claims administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time. The claims administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care

within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs. The claims administrator may offer health or fitness related program options for purchase by the plan administrator to help you achieve your best health. These programs are not covered services under your plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If the plan administrator has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options the plan administrator may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the member services number on your ID card and the claims administrator will work with you (and, if you wish, your physician) to find a wellness program with the same reward that is right for you in light of your health status. If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

Policies, Procedures, and Pilot Programs. We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the *plan* more orderly and efficient. *Members* must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the *agreement*, we have the authority to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives which may result in the payment of benefits not

otherwise specified in this booklet. We reserve the right to discontinue a pilot or test program at any time.

You are considered covered under the prior plan if you: (1) were covered under the prior plan on the date that plan terminated; (2) properly enrolled for coverage within 31 days of this *plan's* Effective Date; and (3) had coverage terminate solely due to the prior plan's termination.

Prosthetic devices are appliances which replace all or part of a function of a permanently inoperative, absent or malfunctioning body part. The term "prosthetic devices" includes orthotic devices, rigid or semi-supportive devices which restrict or eliminate motion of a weak or diseased part of the body.

1. Qualified to provide short-term inpatient treatment according to state law;
2. Accredited by The Joint Commission (TJC); and

3. Staffed by an organized medical or professional staff which includes a *physician* as medical director.

Qualifying Payment Amount is the median *plan participating provider* contract rate we pay *participating providers* for the geographic area where the service is provided for the same or similar services.

Recognized Amount - For *surprise billing claims*, the *recognized amount* is calculated as follows:

- For air ambulance services, the *recognized amount* is equal to the lesser of the *qualifying payment amount* as determined under applicable law (generally, the median *plan participating provider* contract rate we pay *participating providers* for the geographic area where the service is provided for the same or similar services) or the amount billed by the *non-participating* air ambulance service provider.
- For all other *surprise billing claims*, the *recognized amount* is the amount determined by a specified state law; the lesser of the *qualifying payment amount* or the amount billed by the *non-participating provider* or *non-participating provider facility*; or the amount approved under an applicable All-Payer Model Agreement under section 1115A of the Social Security Act.

Residential treatment center is an inpatient *facility* that treats *mental health or substance use disorder* conditions. The *facility* must be licensed as a treatment center pursuant to state and local laws. The *facility* must be fully accredited by The Joint Commission (TJC), the Commission on Accreditation of Rehabilitation Facilities (CARF), the National Integrated Accreditation for Healthcare Organizations (NIAHO), or the Council on Accreditation (COA).

The term *residential treatment center/facility* does not include a provider, or that part of a provider, used mainly for:

- Nursing care
- Rest care
- Convalescent care
- Care of the aged
- *Custodial care*
- Educational care

Retail Health Clinic - A facility that provides limited basic medical care services to *members* on a “walk-in” basis. These clinics normally operate in major pharmacies or retail stores.

Skilled nursing facility is a *facility* licensed as a *skilled nursing facility* in the state in which it is located that satisfies our accreditation requirements and is approved by us.

A *skilled nursing facility* is not a place mainly for care of the aged, *custodial care* or domiciliary care, or a place for rest, educational, or similar services.

Special care units are special areas of a *hospital* which have highly skilled personnel and special equipment for acute conditions that require constant treatment and observation.

Specialist is a *physician* who focuses on a specific area of medicine or group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has added training in a specific area of health care.

Such requirements are outlined in HOW COVERAGE BEGINS AND ENDS. A person may enroll as a subscriber under only one health plan provided by the *plan administrator*, or any of its affiliates.

Surprise Billing Claim is described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this booklet for details.

Totally disabled dependent is a *dependent* who is unable to perform all activities usual for persons of that age.

Totally disabled subscriber is a *subscriber* who, because of illness or injury, is unable to work for income in any job for which he/she is qualified or for which they become qualified by training or experience, and who are in fact unemployed.

Urgent care are the services necessary to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, injury, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are for conditions which require prompt attention as required by state law and are not *emergency services*.

Urgent care center is a physician's office or a similar *facility* which meets established ambulatory care criteria and provides medical care outside of a hospital emergency department, usually on an unscheduled, walk-in basis. Urgent care centers are staffed by medical doctors, nurse practitioners and physician assistants primarily for the purpose of treating patients who have an injury or illness that requires immediate care but is not serious enough to warrant a visit to an emergency room.

To find an urgent care center, please call the member services number listed on your ID card or you can also search online using the "Find a Doctor" function on the *claims administrator's* website at www.anthem.com/ca. Please call the *urgent care center* directly for hours of operation and to verify that the center can help with the specific care that is needed.

You (your) refers to the *subscriber* and *dependents* who are enrolled for benefits under this *plan*.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the *plan*. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the *plan* for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the *plan* for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial or rescission; and
- you are entitled to a full and fair review of the denial or rescission.

The procedure the *claims administrator* will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the *claims administrator's* notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific *plan* provision(s) on which the *claims administrator's* determination is based;
- a description of any additional material or information needed to perfect your claim;
- an *explanation* of why the additional material or information is needed;
- a description of the *plan's* review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA (if applicable) within one year of the appeal decision if you submit an appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and

- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- the *claims administrator's* notice will also include a description of the applicable urgent/concurrent review process; and
- the *claims administrator* may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The *claims administrator's* review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The *claims administrator* shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the *claims administrator* to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;

- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
 ATTN: Appeals
 P.O. Box 54159, Los Angeles, CA 90054

You must include Your Member Identification Number when submitting an appeal.

Upon request, the *claims administrator* will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the *plan*, applied consistently for similarly-situated claimants; or
- is a statement of the *plan's* policy or guidance about the treatment or benefit relative to your diagnosis.

The *claims administrator* will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the *claims administrator* will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the *claims administrator* considers your appeal, the *claims administrator* will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not *medically necessary*, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the *claims administrator* will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the *claims administrator* will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the *claims administrator* will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the *claims administrator* will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

Voluntary Second Level Appeals

If you are dissatisfied with the *Plan's* mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the *claims administrator's* internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and

- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 54159, Los Angeles, CA 90054

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the *Plan's* final decision on the claim or other request for benefits. If the *Plan* decides an appeal is untimely, the *Plan's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *Plan's* internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the *Plan*.

If your health benefit *plan* is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call the member services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

This *plan*, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call the member services telephone number listed on your ID card.

CLAIMS DISCLOSURE NOTICE REQUIRED BY ERISA

The plan document and this booklet entitled "Benefit Booklet," contain information on reporting claims, including the time limitations on submitting a claim. Claim forms may be obtained from the Plan Administrator or from the Claims Administrator. (Note that the Claims Administrator is not the Plan Administrator nor the administrator for the purposes of ERISA.) In addition to this information, if this plan is subject to ERISA, ERISA applies some additional claim procedure rules. The additional rules required by ERISA are set forth below. To the extent that the ERISA claim procedure rules are more beneficial to you, they will apply in place of any similar claim

procedure rules included in the certificate. This Claims Disclosure Notice Required By ERISA is not a part of your Benefit Booklet.

Urgent Care. The Claims Administrator must notify you, within 72 hours after they receive your request for benefits, that they have it and what they determine your benefits to be. If your request for benefits does not contain all the necessary information, they must notify you within 24 hours after they get it and tell you what information is missing. Any notice to you by them will be orally, by telephone, or in writing by facsimile or other fast means. You have at least 48 hours to give them the additional information they need to process your request for benefits. You may give them the additional information they need orally, by telephone, or in writing by facsimile or other fast means.

If your request for benefits is denied in whole or in part, you will receive a notice of the denial within 72 hours after the Claims Administrator's receipt of the request for benefits, or 48 hours after receipt of all the information they need to process your request for benefits if the information is received within the time frame noted above. The notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision was based. You have 180 days to appeal their adverse benefit determination. You may appeal their decision orally, by telephone, or in writing by facsimile or other fast means. Within 72 hours after they receive your appeal, they must notify you of their decision, except as otherwise noted below. They will notify you orally, by telephone, or in writing by facsimile or other fast means. If your request for benefits is no longer considered urgent, it will be handled in the same manner as a Non-Urgent Care Pre-Service or Post-service appeal, depending upon the circumstances.

Non-Urgent Care Pre-Service (when care has not yet been received).

The Claims Administrator must notify you within 15 days after they receive your request for benefits that they have it and what they have determined your benefits to be. If they need more than 15 days to determine your benefits, due to reasons beyond their control, they must notify you within that 15-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 30 days to determine your benefits. If you do not properly submit all the necessary information for your request for benefits to them, they must notify you, within 5 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your request for benefits. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your request for benefits is denied in whole or in part, you will receive a written notice of the denial within the time frame stated above after the Claims Administrator has all the information they need to process your request for benefits, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180 days to appeal their adverse benefit determination. Your appeal must be in writing. Within 30 days after they receive your appeal, they must notify you of their decision about it. Their notice of their decision will be in writing.

Concurrent Care Decisions:

- **Reduction of Benefits** – If, after approving a request for benefits in connection with your illness or injury, the Claims Administrator decides to reduce or end the benefits they have approved for you, in whole or in part:
 - They must notify you sufficiently in advance of the reduction in benefits, or the end of benefits, to allow you the opportunity to appeal their decision before the reduction in benefits or end of benefits occurs. In their notice to you, the Claims Administrator must explain their reason for reducing or ending your benefits and the plan provisions upon which the decision was made.
 - To keep the benefits you already have approved, you must successfully appeal the Claims Administrator’s decision to reduce or end those benefits. You must make your appeal to them at least 24 hours prior to the occurrence of the reduction or ending of benefits. If you appeal the decision to reduce or end your benefits when there is less than 24 hours to the occurrence of the reduction or ending of benefits, your appeal may be treated as if you were appealing an urgent care denial of benefits (see the section “Urgent Care,” above), depending upon the circumstances of your condition.
 - If the Claims Administrator receives your appeal for benefits at least 24 hours prior to the occurrence of the reduction or ending of benefits, they must notify you of their decision regarding your appeal within 24 hours of their receipt of it. If the Claims Administrator denies your appeal of their decision to reduce or end your benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may further appeal the denial of benefits according to the rules for appeal of an urgent care denial of benefits (see the section “Urgent Care,” above).

- **Extension of Benefits** – If, while you are undergoing a course of treatment in connection with your illness or injury, for which benefits have been approved, you would like to request an extension of benefits for additional treatments:
 - You must make a request to the Claims Administrator for the additional benefits at least 24 hours prior to the end of the initial course of treatment that had been previously approved for benefits. If you request additional benefits when there is less than 24 hours until the end of the initially prescribed course of treatment, your request will be handled as if it was a new request for benefits and not an extension and, depending on the circumstances, it may be handled as an Urgent or Non-Urgent Care Pre-service request for benefits.
 - If the Claims Administrator receives your request for additional benefits at least 24 hours prior to the end of the initial course of treatment, previously approved for benefits, they must notify you of their decision regarding your request within 24 hours of their receipt of it if your request is for urgent care benefits. If the Claims Administrator denies your request for additional benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may appeal the adverse benefit determination according to the rules for appeal for Urgent, Pre-Service or Post-Service adverse benefit determinations, depending upon the circumstances.

Non - Urgent Care Post-Service (reimbursement for cost of medical care). The Claims Administrator must notify you, within 30 days after they receive your claim for benefits, that they have it and what they determine your benefits to be. If they need more than 30 days to determine your benefits, due to reasons beyond their control, they must notify you within that 30-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 45 days to determine your benefits. If you do not submit all the necessary information for your claim to them, they must notify you, within 30 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your claim. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your claim is denied in whole or in part, you will receive a written notice of the adverse benefit determination within the time frame stated above, or after the Claims Administrator has all the information they need to process your claim, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse

benefit determination and the plan provisions upon which the denial decision is based. You have 180 days to appeal their decision. Your appeal must be in writing. Within 60 days after they receive your appeal, they must notify you of their decision about it. Their notice to you or their decision will be in writing.

Note: You, your beneficiary, or a duly authorized representative may appeal any denial of a claim for benefits with the Claims Administrator and request a review of the denial. In connection with such a request:

- Documents pertinent to the administration of the Plan may be reviewed free of charge; and
- Issues outlining the basis of the appeal may be submitted.

You may have representation throughout the appeal and review procedure.

For the purposes of this provision, the meanings of the terms “urgent care,” “Non-Urgent Care Pre-Service,” and “Non - Urgent Care Post-Service,” used in this provision, have the meanings set forth by ERISA for a “claim involving urgent care,” “pre-service claim,” and “post-service claim,” respectively.
