In addition, Kaiser Permanente members are able to take advantage of a unique service called the Kaiser Permanente Complementary and Alternative Medicine Access program. This program is not a benefit under the group's health benefit plan, but is a "value-added" service.  Under this program, our members can access a network of providers credentialed by American Specialty Health Networks (ASHN) throughout the Mid-Atlantic region. ASHN specializes in broad-spectrum complementary health care medicine. Members can choose any of the providers in this network without a referral from their primary care physician. Our members receive significant savings on a range of chiropractic, acupuncture, and massage therapy services, as well as other complimentary and alternative medicine services such as fitness club memberships and herbal and dietary supplements. Chiropractors and acupuncturists must be licensed to participate.  Kaiser Permanente members are able to take advantage of

Organ and Tissue Transplants		
Organ Transplant -Inpatient	applicable cost share based on place and type of service	All Services must be pre-authorized by Kaiser and meet the Virginia mandate guidelines. If the following criteria are met, we cover stem cell rescue and transplants of organs, tissue or bone marrow: You satisfy all medical criteria developed by Medical Group and by the facility providing the transplant; The facility is certified by Medicare; and A Plan Provider provides a written referral for care at the facility. After the referral to a transplant facility, the following applies: Unless otherwise authorized by Medical Group, transplants are covered only in our Service Area. If either Medical Group or the referral facility determines that you do not satisfy its respective criteria for transplant, we will pay only for covered Services you receive before that determination was made. The Health Plan, Plan Hospitals, Medical Group and Plan Providers are not responsible for finding, furnishing or ensuring the availability of a bone marrow or organ donor. We cover reasonable medical and hospital expenses as long as these expenses are directly related to a covered transplant for a donor, or an individual identified by Medical Group as a potential donor, even if not a Member. See the benefit-specific exclusion immediately below for additional information Benefit-Specific Exclusion: 1. Services related to non-human or artificial organs and their implantation.
Organs covered	yes	Here is a complete list covered.  • Blood and Bone Marrow Transplants (BMT);  • Autologous Stem Cell Transplant; and  • Allogeneic Stem Cell Transplant.  • Heart;  • Lung, single and double - Adult;  • Small Intestine;  • Liver;  • Intestinal/Liver;  • Kidney;  • Pancreas;  • Simultaneous Kidney and Pancreas (SPK);  • Pancreas after Kidney (PAK); and
Transplant Travel	yes	• Corneas.  All services must be pre-authorized and follow the guidelines of Kaiser Policy. Traveling Expenses for Organ transplant are covered If services are received outside of the services area. KP will cover travel and lodging expenses and arrange the accommodations for the member plus one companion. The per diem rate to be paid is \$50.00 per day. The member and companion are responsible for all costs that exceed KP's per diem allowances and limitations, as defined in the NTS travel and lodging policy.
Transplant donor expenses	yes	Travel support is offered only when approved transplant related services are required outside the service area. The support includes transportation, lodging and a \$50 /day allowance for daily expenses for the patient and one caregiver. The Health Plan reserves the right to determine the most reasonable, medically appropriate transportation and lodging and makes those arrangements in advance.
